ST. PETER'S IN ROME.

It Takes Many Visits to Realize Its Vastness and Splendor.

It is curious to watch the faces of people as they enter the great doors of St. Peter's at Rome and push back the heavy leathern curtains that keep out the noise and the air and find themselves in the presence of the most impressive spectacle on earth, as Byron

Majesty,
Power, glory, strength and beauty—all are
aisled
In this eternal ark of worship.

It is easy to detect those who have never been there before and those who have become accustomed to its magnitude and gorgeousness. It requires several visits to adjust the vision and the mind to its colossal proportions and brilliant decorations and enable them to realize the vastness and the beauty of the scene. The more fre-quently you visit St. Peter's cathedral the greater and the more beautiful it becomes, and after a time you are enabled to drink in with complete satisfaction the fullness of its area, its al-

titude and its magnificence.

The cost of the building up to date has been more than \$55,000,000, and the annual expense of maintaining it is about \$35,000. An architect and a gang of workmen are always employ-ed.—Rome Letter in Chicago Record-Herald.

Spiders and Alcohol.

A student of natural history had been in the habit of immersing for preservation his different specimens of spiders and ants in bottles of alcohol. He saw that they struggled for a few minutes, but he thought that sensation was soon extinguished and that they were soon

free from suffering.
On one occasion he wished to preserve a large female spider and twenty-four of her young ones that he had captured. He put the mother into a bottle of alcohol and saw that after a few moments she folded up her legs upon her body and was at rest. He then put into the bottle the young ones, who, of course, manifested acute pain.

What was his surprise to see the mother arouse herself from her lethargy, dart around and gather her young ones to her bosom, fold her legs over them, again relapse into insensibility until at last death came to her relief and the limbs, no longer controlled by this maternal instinct, released their grasp and became dead! He has never since repeated the experiment, but has applied chloroform before immersion.

The Parsees are sun worshipers, and it is an interesting sight to see throngs of them on the shore of the bay as the sun rises, apparently from the performing the simple rites of their religion, the fluttering robes showing their fine figures to the best advantage as the day begins. Their religious practices are simple in the extreme, consisting mainly in strict dietary rules and personal cleanliness.

The rigid observance of sanitary laws produces the natural result of perfect health among the adults-large familles of active, healthy children and im-mense numbers of old men, gray bearded, white haired, but erect and princely in their gait and attitude despite the naturally enervating character of the

A local wit was one day discussing the mental incapacity of editors with the late H. C. Bunner.
"Now," said he, "what do you think

of this: I used to write serious and comic matter for a certain daily, which paid me \$20 a column for the humorday the editor asked me to mark my comic things 'C' and my serious stories 'S' with a blue pencil, that he might tell them apart. Wasn't that pretty rough on him?"

"No," replied Bunner, with a smile and a twinkle in his eye, "but it was pretty rough on you." - New York The Norfolk and Washington Steam-

Sciatio Shoumatism Cared after Fourteen Years of Suffering.

"I have been afflicted with solatic rheumstism for fourteen years," says John Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not to use this liniment and get well? It is for sale by Richard Gibson, Drug-

Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go" writes Geo. S. Marab, well-known attorney of bocons, Tex. "I took quantities of ropein and other medicines but nothing helped me. As a drowning man grabe at a straw I grabbe at Kodol. I felt an improvement at once and after a few bottles am round said well." Kodol is the only preparation which exactly reproduces only preparation which exactly reproduce is the only one which digests any good food and cures any form of stomach trouble. For sale by E. S. MEDICINAL.

Dyspepsia Cure Indigestion effects so many organs besides the stomach that the nature of the disease is sometimes mistaken. Headaches, glddiness, and so-called heart trouble are usually caused by Indigestion alone. In such cases it is one stomach trouble which must be cured. Kodol Dyspepsia Cure "estores health by digesting your food while the stomach rests. Dieding doesn't mean rest but starvation. You should relieve the stomach without weakening the system by denying yourself proper food. With a sound stomach your other complaints will soon disappear. "After seven years' suffering from indigestion" writes Mrs. Annie Alcorn of Merideth, Pa. "I was cured by three bottles of Kodol Dyspepsia Cure."
